Knitted Knockers Support Foundation has created a list of tested and approved yarns appropriate for knitted knockers. Please note that **only knockers made from this list will be used to fill orders from knittedknockers.org so if knitting or crocheting for us please only use these yarns. While Knitted Knockers are a great "stash buster" taking only about 50 yards of yarn, the knockers may be worn against sensitive skin and must be durable, breathable and stay soft after washing. Also note the acrylic yarns are **only** used for swimming knockers. Here is a link to the approved yarn list [Approved Yarns for Knitted Knockers](#).

The most requests are for pairs of neutral colors. If you don't have enough of one color to finish a knocker feel free to finish the inner piece with a complimentary color using the same type of yarn. If you get bored with the flesh tones by all means make a creative, bright pair if you want. We do get requests for those too :-). Don't stress too much about the sizing. The most important thing is to make sure that all pairs are the same size (same number of stitches). About 75% of the requests are for sizes B and C with the rest size A, D and DD.

We realize that this is not the easiest pattern being knit on double pointed needles but they are beautifully contoured and hold up really well. Getting past the first few rounds is the most challenging but once mastered it becomes an easy, fun and portable project taking most people between 3-4 hours to make one. There is a 3 part

series of videos on how to make great Knitted Knockers at knittedknockers.org.

We have carefully compiled this list of approved yarns for our knitters & crocheters. All approved yarns have been tested and proven to be washable, stay soft after air drying, breathable, durable, the correct weight & make beautiful knockers. Our challenge has always been to identify yarns that are preferred by our recipients, available & affordable. The list has over 30 choices that can be purchased at local yarn stores, online or at "Big Box" stores at a variety of price points. The cost per average sized knocker using these yarns can vary from about \$1.20 to \$2.00 per knocker. Very affordable when you think about the difference it makes to the woman who wears them!

For the wearer, it is crucial that the knocker fiber not exacerbate a highly sensitive part of a woman's body that may have already suffered from surgical scarring, nerve damage, and possible radiation burns. To minimize the chances of this happening we ask that knitters & crocheters choose a yarn that we've already tested & know that every knocker created will be gratefully received & loved by the wearer. We receive constant affirmation that these ladies truly appreciate the time & talent that a caring volunteer took to make these for them. Check out some testimonials from grateful recipients if you ever want to remind yourself that what you are doing is making a difference! <http://www.knittedknockers.org/testimonials/>.

Please note that "I Love this Cotton" from Hobby Lobby is too heavy & washes up stiff when air dried so is not appropriate for knitted knockers.

You can mail completed, unstuffed knockers to us at Knitted Knockers Support Foundation, 1780 Iowa St., Bellingham, WA 98229. **Please include your contact information & the yarn label.**

If stuffing, use a high quality poly fiber fill. Slightly overstuff & leave back open for adjustment. We use Premium Poly Fiber Fill made by Fairfield & found at Joann's & Walmart.

Yarns no longer on the list may have been discontinued but still would be accepted if on the prior 10/2/17 Approved Yarn list.

Knitted Knockers Support Foundation is a non profit run completely by volunteers, (no paid staff). Donations are very much appreciated to help offset costs. Postage in 2017 was over \$58,000 alone!

Thank you for making knockers!!!!
