- ****Knitted Knockers Support Foundation has created a list of tested and approved yarns appropriate for knitted knockers. Please note that only knockers made from this list will be used to fill orders from knittedknockers.org so if knitting or crocheting for us please only use these yarns. While Knitted Knockers are a great “stash buster” taking only about 50 yards of yarn depending on size of course, the knockers may be worn against sensitive skin and must be durable, breathable and stay soft after washing. Also note the acrylic yarns are only used for swimming knockers. You can find the list of approved yarns at knittedknockers.org or attached to this pattern when downloaded.**
- The most requests are for pairs of neutral colors. If you don't have enough of one color to finish a knocker feel free to finish the inner piece with a complimentary color using the same type of yarn. If you get bored with the flesh tones by all means make a creative, bright pair if you want. We do get requests for those too :-). Don't stress too much about the sizing. The most important thing is to make sure that all pairs are the same size (same number of stitches). About 75% of the requests are for sizes B and C with the rest size A, D and DD.
- There is a 3 part series of videos on how to make great Knitted Knockers at knittedknockers.org.
